

## Directions to UCD/McClellan Nuclear Radiation Center (MNRC)

1. Take I-80 East to Sacramento (coming from San Francisco-Bay Area).
2. Near Sacramento, I-80 splits into Capital Freeway (Business I-80) and I-80 to Reno. Either interstate is OK but we suggest taking I-80 to Reno which probably has the lighter traffic.
3. From I-80, exit onto Watt Avenue (exit #94A). Turn left onto Watt Avenue.
4. Proceed north on Watt Avenue, a couple of miles until you see Palm Ave (it is two stoplights up from Peacekeeper Way).
5. Turn left onto Palm Ave.
6. Go straight on Palm Avenue until it ends at a stop sign in front of the "SureWest" building.
7. Tricky Part: Turn left at the stop sign and then turn immediately right so that you drive in between buildings. It will appear that you are going down an alley.
8. As you exit the alley, the reactor facility is slightly to the left, directly in front of the flight line. It is bldg. 258, has a chain link fence around it and an orange windsock on the top. **IT IS OK FOR YOU PARK AT THE FENCE. DISREGARD THE PARKING NOTICES, YOU ARE ALLOWED TO PARK THERE AS VISITORS.**
8. At the front gate is a telephone with instructions to dial 251 for entry.
10. If you have any questions, please feel free to call (916) 614-6200.
